

COURSE TIMES

You have a full 90 days to complete your FUNdamentals Online course and go back to review the videos and lessons again and again. If you'd like to complete the course more quickly (so that you can move on to Knife Skills), here is a sample time-frame from our "tester", who completed the course very quickly and carefully monitored the time it took her to complete each lesson. Many of our online students like to go through all of the lessons and modules the first time to get an overview, and then go back to review any lessons they feel they need more time with. No matter how long it takes you to complete each module, be sure to enjoy the learning process!
